C. A. RICHARDS & CO'S. CONCENTRATED EXTRACT OF RYE.

THE PROPRIETORS OF THIS POPULAR ARTICLE, find it

necessary to remove a wrong impression from the

public mind regarding the real merits which they

claim for it.

WOULD ONCE AGAIN ANNOUNCE

THAT

IT IS NOT

A mere stimulant beverage, but a TRUE, GENUINE,

AND SCIENTIFICALLY PREPARED

MEDICINE.

It is not as many have been led to believe, nothing

but good RYE WHISKY, it is a

MEDICINAL REMEDY,

specifically designed for certain useful and beneficial

purposes, which any intelligent and thinking person

can readily see, by reading what we now have

TO SAY ABOUT IT.

Without any long, half sounding words, such as some

of our countrymen are so fond of, we will say that

we can't begin to tell what does not all him. We

SIMPLY AND PLAINLY SAY THAT "EXTRACT

OF RYE" is nothing

but

Juices of the Grain.

combined with a certain oily, fatty, and veget-

able matter, which, when taken into the system,

stimulates it first to

NEW LIFE,

and a restored appetite, and then goes to make BET-

TER AND STRONGER

FLESH AND BLOOD.

One can instantly see how this preparation must

exceed the most potent of all medicines, and must

be a most valuable and useful remedy for the

consumption of the LUNGS,

to heal and build them up again. So much for these

requirements.

Now if you want an article TO FEED THE SYS-

TEM ON, when it has become reduced by sickness or

by being OVER-TAKEN IN ANY WAY, this medi-

cine will

DO THE WORK.

We have, among a great many letters we have re-

ceived about it, a great many testimonies that

it has been the means of making people

Gain Flesh and Grow Fat.

The reason for this is the

GRAND SECRET OF THE WHOLE MATTER.

It acts as a

STIMULATING FOOD

to the body, and helps Nature

TO THROW OFF DISEASE.

How often, of late years, have people been terri-

bly deceived by resorting to common food for

this purpose, when, if they knew it, they only ad-

vance to be gained from the use of whiskey must

spring from the little quantity it contains of that

which Extract of Rye is entirely composed.

This, then, is the whole story. EXTRACT OF

RYE will cause you to throw off disease by feeding

the system with a

STIMULATING FOOD,

and will build up and restore the powers of mind and

body, while you become fat and happy.

It is put up in a convenient style, in bottles being

contained in a paper box. It is not sold at a high

price, but offered at a reasonable cost to rich

and poor.

Wednesday, May 29, 1867.

THE INAUGURATION.

The inauguration of the new State government, yesterday, was, as usual, an occasion of considerable pomp, and was, in all respects, creditable to our ancient Commonwealth. It is apparent that the people of this State retain the old preference for placing the public affairs in the hands of true and able men. Not only are the ancient and honorable names of Rhode Island families well represented in the official positions, but those who have more recently become identified with our politics are men who have faithfully and efficiently for the interests committed to them.

The general officers of the government are men who, by their personal appearance, make a favorable impression on one to whom they are strangers. Governor Burnside is a man of whom the State may well be proud not only for his feats as a soldier, but for the ability, efficiency and success with which he has conducted the business of the executive office during the previous term. The Lieutenant Governor, bearing a name long honored both in the civil and military history of Rhode Island, is admirably fitted for his position, though he is past the age at which men usually occupy similar positions in this country. Whoever sees him cannot fail to regard him as a gentleman of polished and refined manners and intellectual and scholarly appearance,—just such a man as one loves to associate with.

In the two Houses of the Assembly are many men in the prime of manhood, with a generous sprinkling of grey heads, at the head of whom stands the venerable ex-Chief Justice Greene, of the House of Representatives, who was in active political life when some of the older members, even, were boys.

The members, almost without exception, bear the marks of intellectual ability, sound practical sense and good morals. As citizens of Rhode Island, we are gratified that the interests of the State are given in charge to a legislature of which we can make this record; and that the free and unrestricted choice of the people is so apparent in the men who represent them in the government of this State. Rhode Island Legislatures have an enviable reputation for freedom from corruption and bribery, and we are confident that, in these days of impure legislation, the present Assembly will not depart from the rule.

Mexico.

The news of the fall of Queretaro and the defeat of Maximilian, though not unexpected, still are a more crushing blow upon the attempt to establish a Mexican empire than the friends of republican freedom were quite prepared to expect. The capture of the Emperor and his most prominent generals would seem to give a final settlement to the question of the fate of Mexico. No further attempt will at present be made to carry into effect the purposes of the European Powers by whom this movement was initiated.

The Mexicans have fully established their ability to defend their country against foreign invasion, and this result at the same time proves them able to carry on their own government. It is now only requisite for them to adjust their internal difficulties and settle upon a harmonious course of action for the establishment of a stable government, and give over the studies which were the occasion of Maximilian's invasion. It is doubtful whether they have yet been sufficiently scourged to adopt this policy; but in this alone lies the future quiet and prosperity of the country.

Will they spare Maximilian's life? Probably they will not and the latest advices are to this effect. The person of a prima has not been received in Mexico that it has in monarchial Europe; and the usurpation itself, expedited by means of the cruel execution of Mexican soldiers by Maximilian's officers will be considered sufficient cause for his execution, notwithstanding the efforts of our Government and others to prevent it.

Dickens' Works.

Our readers who are admirers of Dickens' works, should bear in mind that Messrs. Ticknor & Fields, of Boston, are publishing three editions of his works. They are, the Diamond Edition, the Charles Dickens Edition, and the Illustrated Library Edition. These publishers are standing in a letter from Mr. Dickens, to be the only authorized representatives in America of the whole series of his books. The Diamond edition has received the author's marked commendation; the Charles Dickens which will be published simultaneously in this country and England, takes its name from a facsimile autograph of Mr. Dickens to be appended to each volume; and it will be printed in the style of the earlier cheap editions. The Illustrated Library edition will be a re-issue of that which Mr. Dickens calls the best edition of his works, and contains all the original illustrations by Crispin and others, which delighted the readers of the author's earlier volumes.

These are all cheap and beautiful. The last two editions will commence in June and will be rapidly brought from the press to the number of thirteen or fourteen volumes of the Charles Dickens, and twenty-six of the Illustrated. Those who have not read Dickens ought to do so, and those who have read the volumes long since, or as they were published serially in magazines, will require no urging to secure one or another of these new and beautiful editions.

GENERAL ASSEMBLY.

At Newport, R. I., Tuesday May 28. The Senate met at 10 o'clock, His Excellency the Governor in the chair. Prayer was offered by Rev. Frederick B. Allen, supplying the pulpit of Rev. Dr. Thayer. The roll having been called, the members were sworn by the Secretary of State.

Summer U. Sherman was elected Clerk. A message announcing the organization of the Senate was sent to the House. The Governor presented the case of Geo. Elliott for pardon, and the Senate concurred in the same. The Senate joined the House to Grand Committee.

House of Representatives. The House was called to order at ten and a half o'clock by Hon. William P. Sheffield, senior member from Newport. The towns were called in order and the roll of members completed. They were qualified by the Secretary of State.

Hon. Charles O. Van Zandt was elected Speaker who on taking his seat said: Gentlemen—It is not necessary for me, in assuming for the second time the duties of the office to which you have so kindly called me, to state what my course will be, or what my intentions are. My only desire is to expedite business, so far as is consistent with the dignities and proprieties of legislation, and in my official and personal intercourse, to cultivate the most courteous and friendly relations. I will express to you my very sincere and heartfelt obligations for the kindness you have shown me, and welcoming you to our city on behalf of our inhabitants, will proceed to perfect the organization of the House.

John Turner and Francis A. Daniels were elected clerks. Prayer was offered by Rev. Micah J. Talbot. Message of organization was sent to the Senate. An invitation was extended to the Senate to join in Grand Committee to receive report and count the votes for State officers. This invitation was accepted and two Houses joined in Grand Committee.

The committee was called to order by His Excellency; the calling of the roll was dispensed with. The following committee was appointed on the veto: Messrs. Congdon, Davis, Chase, Newport county; Pond, Eddy, Perkins, Ide, Providence county; Smith, Allen, Bristol county; Hazard, Richmond, Barbour, Washington county; Burleigh, Cady, Randolph, Kent county.

Adjourned till four o'clock. AFTERNOON SESSION. The Grand Committee met at four o'clock, the Governor in the chair. The Committee on the veto reported.

The officers were declared elected, and the oath of office was administered by the Secretary of State, when proclamation was made in ancient times. The Committee then dissolved. After the docket of enrolled bills was read, and several items of new business were introduced, the two Houses respectively adjourned. CONGRESSIONAL.—The granting of the writ of error by the Supreme Court of the United States in a case of confiscation will probably prove the precursor of not a little litigation. In the case in question, Chief Justice Chase proceeds on the ground that a condemnation of property as for treason cannot take place until the party has been adjudged guilty by a jury; and, further, that the condemnation and sale of the absolute estate are in excess of the constitutional power of the Court. The amount of property confiscated while the rebellion was in progress was very large, and in every instance, we apprehend, the errors noticed by the Chief Justice were committed. The property was sold without any trial for treason, and it was sold in fee, when a life-interest was all that could have been disposed of, even after conviction.

The Denver (Colorado) News says that it is not the intention of the Indians to kill, but to steal and destroy all that they can lay their hands on. The military authorities have placed men at every station. These with the company's employees make quite a respectable force for defence. The company have built forts connected by underground passages, with houses and stables, and supplied them with sufficient ammunition to make a good fight before surrender. They are instructed, both soldiers and employees, to shoot whenever they see an Indian, so there is danger of some of the redskins losing the number of their mess.

THE EAST.—A letter from Athens states that Turkey is playing her last card in Crete, and that if Omar Pasha is defeated, their independence and union with Greece will no longer be doubtful. At the battle of Tilisou, on the 19th of April, the Greeks three times repulsed the enemy, five thousand strong, and at last routed them with heavy loss. All the provisions and war munitions, as well as one hundred and fifty horses, fell into the hands of the insurgents.

BARREL LINE OF STEAMERS.—We are reliably informed that the new line of boats between Bristol and New York are expected to commence running within two weeks. The names of the boats are to be the "Bristol" and the "Providence." Capt. Benjamin Braxton, formerly of the steamer "Old Colony" and "Newport," will probably command one of these two boats. They are to be fitted up in a superb manner. They will be lighted with gas and will be furnished with all the modern improvements. The arrangements for receiving the boats at Bristol are nearly completed. Prof. Hensell.

It appears by a new Southern history of army operations about Fredericksburg, that the rebel officers during that campaign interpreted the alphabet of our signal corps and read the dispatches sent along the federal lines with great facility. Our officers were also in full possession of the "key" to the rebel signals and learned many of the secrets of the enemy's camp. The Union General failed to derive at the first battle of Fredericksburg the advantage they had expected from this means of anticipating Gen. Lee's movements, owing to the heavy fog.

The Buffalo Express tells the following hard case:—"Mr. — might have been seen yesterday drawing his infant in a baby carriage up Main street accompanied by his wife. Now such sights are common enough, but when it is stated that the father is a man of thirty years of age, his wife is a young girl of sixteen, and the baby eight months, it must be confessed that a new phase is put upon the matter. Such, however, is the case. The venerable father walked with an elastic step, and the youthful mother seemed to be as happy as mortals need in this earthly sphere, while the baby smiled and crowded in ecstasy of delight.

Items. Bishop Lynch, the Roman Catholic Bishop of Toronto, O. W., is lying very ill at Buffalo, N. Y. The Albany Argus says Hancock will apply himself to the business of his legislation with Prussia and Italy. The Fall River News intimates that the assessors find the population of that city to be about 22,000. Twenty-two hundred emigrant passengers arrived in New York Saturday forenoon.

Among the recent counterfeiters are 100's on the National Bank of Bristol, R. I. John Eldridge and Elbridge Andrews escaped from Taunton jail Sunday night by sawing a bar in the window.

An Englishman has invented a dancing machine. This seems to be trenching on Yankee prerogatives. A gambler on West, who wished to mark a half dozen new shirts, marked the first John Jones, and the rest ditto.

The World says that there is a million and a half dollars' worth of currency in circulation in New York city and one-third of it is counterfeit. The Trichina is a thread-like worm, coiled up in two or two-and-a-half spirals; when uncoiled it measures about the 1/30 of an inch in length.

General Grant says if the people call upon him to be President, he cannot feel at liberty to decline. We know several persons who feel just so. The expense of repairing the Hyde Park railings and footpaths, which were injured on the occasion of the reform riot in London last year, is estimated at fifty thousand dollars.

There is a lady living in Becker who was baptized in childhood by sprinkling, twice by immersion in later years, and has recently withdrawn from the "close communion" fold to join the Seventh Day Baptist.

Daniel Whittemore of Putnam, Conn., was married on the 18th inst. to Angela W. Horton of Westbrook, Maine, and twenty-four hours afterward she was away taking with her the dead of the property. The bridegroom was 75 and the bride 21.

A peacock in Cumberland, R. I. was found a few days since imprisoned in a pile of lumber. He had been there fourteen days without food or water. The natural vanity of the bird did not seem to be lessened by his long abstinence.

The Florida correspondent of the Cincinnati Commercial says that Mrs. Harriet Beecher Stowe has three hundred acres of land near Jacksonville, which she planted with orange orchards. She has been offered \$250,000 for the place. The orange crop is said to be the most profitable of any in the Gulf States.

The bodies of more than thirty-five hundred of the heroes of the war lie in the ground allotted for the purpose, at Cypress Hills Cemetery, on Long Island. A committee has been appointed to procure headstones for the graves, erect a monument and see that the grounds are properly taken care of.

COUNTERFEITS. Among the recent counterfeiters are noticed 100's on the First National Bank of Boston; 100's on the Ohio National Bank of Cincinnati; 100's on the Central National Bank of New York city, and 100's on the National Bank of Bristol, R. I.

In restoring a building at Stanz, in Switzerland, a beautiful fresco painting has been discovered, representing the descent from the Cross and the deposit of Christ in the tomb. This picture was executed in 1570. The colors are still fresh, and indeed it is altogether in good preservation.

Carter D. Poindeexter, formerly an officer of the navy, but who resigned upon the rebel cause during the rebellion, has been pardoned by the President. He is cultivating a farm near Norfolk, Va., occasionally turning his attention to the taking of fish and oysters.

Archbishop Parrell of Cincinnati is present to the Pope a silver model of the "coronet," with a weight of \$50,000 in gold. The model is to serve as a reminder of the price of our nation, while the crown will serve as a specimen of the liberality of Cincinnati.

The owners of the Great Eastern are in trouble. The Marshall of the Court of Admiralty at Liverpool has seized the monster ship at the end of 200 of her late crew, who claim three months' wages amounting to £4500. Other suits were brought, and upon all of them judgments have been entered against the owners.

PROPOSALS.

Rations and Fuel for Light Vessels, &c. Contractors of the Light House Board, Superintendent of Lights, May 2nd, 1867.

CLEARED PROPOSALS will be received at this office till 12 o'clock, on MONDAY, the tenth day of June, 1867, for furnishing and delivering to the Light House Board, at Newport, R. I., one night-vessel and light-house tender that may be called for, for one year, from the 1st of July, 1867, to the 30th June, 1868, inclusive. The reasons to be of good and approved quality; to be delivered along side of the light-house tender or other vessel provided for the purpose, at Newport, R. I., and to be taken in the light-house tender, in good and sufficient packages, barrels, boxes and cases, and in good order, for the light-house, once a week, from all the light-houses under the care of the Light House Board, which will form a part of the contract, copies of which may be had by applying at this office. All bids must be a sealed and endorsed "Proposals for Rations and Fuel for Light Vessels," and then placed in a box or boxes, and left at or directed to this office, prepaid if sent by mail. The bids for Fuel and for Rations will be considered separately from each other.

By order of the Light House Board, S. W. MACY, Superintendent of Lights, May 22, 23 & 24.

OPENING OF BLACK'S Photograph Gallery,

No. 2 Downing's Block. The Proprietor takes pleasure in announcing that he will open this well-known establishment for the reception of the public, on the 27th of May, giving the citizens of Newport an opportunity to see the best of the most celebrated artists of the day. No cost or pains will be spared to please those that favor me with a call.

I would call the especial attention of the public to the fact that this gallery has become so popular in Paris and the large cities in this country, that PORCELAINE and other articles of the most elegant and valuable character, selected by the most celebrated artists of the day, are now on hand. She would be happy to see her friends and customers in her store. May 11.

Local Intelligence.

Excursion.—This day of all days for Newport has come and gone, and "so far as heard from," passed off pretty much as have its predecessors for years, except that perhaps there was considerably more than an average display of military, and less of drunkenness and rowdiness, for the latter of which we may perhaps thank the growing good sense of our people and the efficiency of our newly organized police force. Egg Pop was mighty, however, and in some instances prevailed, and a few of its victims were seen reeling through the streets.

Two more auspicious days for weather, could not have been desired than were yesterday and the day preceding, and the people were not slow in finding it out, as the crowded state of our principal thoroughfares bore witness on both days.

The arrival of the *Bay Queen* in our harbor with his Excellency the Governor on board was the commencement of the Election festivities. Hundreds were waiting at the landing to do him honor, while flags floated from a hundred flag staffs about the city. The three New York Steamers at Long Wharf displayed all their bunting on the occasion, and greeted the passing boat with a merry chime of bells.

The military escort on the occasion consisted of—the Newport Artillery, Col. Powell, Newport Light Infantry, Col. Jew, Aquidneck Rifles, Capt. Delany, and Barnside Guards, Capt. Buchanan, the whole proceeded by the American Brass Band, of Providence, and the Aquidneck Drum Corps of this city.

In the evening the American Brass Band accompanied a number of our citizens, besides his Excellency Gov. Burdick, who was on a visit to the mansion of ex-Lieut. Gov. Duncan C. Pell. The residence of C. L. J. Harlow Powell was also visited by them.

An overcast sky early yesterday morning caused forebodings in the hearts of many of unfavorable weather; but these soon passed away as the glorious sunlight broke forth and arrangements were made with full confidence of pleasures uninterrupted by storm-clouds and rain.

At an early hour Thames Street and the Parade were thronged with people, among whom were hundreds of strangers who had come in by various conveyances from the surrounding towns and from Providence by the morning boat.

The procession moved in the order previously published in the News. The military element appeared to fine advantage, comprising the same companies which were in the escort the previous evening, with the addition of Clary's Cornet Band, of Cambridge, Mass., employed by the Barnside Guards; it is a colored band, numbering 16 pieces. The companies all turned out with full ranks and made a fine appearance.

After reaching the State House, the companies were dismissed, and formed again in Washington Square at 2 o'clock, and after escorting the Governor to his quarters and firing the customary salute marched to their several armories and dismissed.

A national salute was fired from various cutters *Miami*, at 12 o'clock, which vessel was also gallily hung with flags and streamers.

Among the vessels which made excursion trips to the city was the steam yacht *Medora*, of and from Pawtucket, of 13 tons measurement, and having an engine of 10 horse power. She brought down a party of gentlemen.

The day passed off with remarkable quiet, with less drunkenness and fighting than usual. There were only some half dozen arrests by the police during the day.

We will close this account with the following quotation from an article in the Providence Press of yesterday:

"Election day" is an ancient institution in Newport; it would be a tame affair out of it, and we trust its yearly festivities will be continued while the "State of Rhode Island and Providence Plantations" have political being.

LEON'S MIXTURES.—This troupe had a crowded audience at the Academy of Music last evening. In the opinion of those who heard them, they equalled in their performance the reputation which had preceded them. They perform again to-night by request, and those who could not get to last night, as well as those who were too tired to go, will have an opportunity to hear them.

This is one of the finest companies of the kind that have ever visited Newport. One of the most attractive features of their performance is the "shadow pantomime" which is everywhere received with great applause.

The Providence papers speak in high terms of the singing and elocution of Cal. Wagner, with his pair of African Elephants and bones, as a favorite performer.

Nominations.—The following nominations for Newport County have been made by the Caucus of the General Assembly. The gentlemen named will doubtless be elected to-morrow as the two houses will meet in grand committee for the choice of State and County officers at 11 o'clock:

Clerk of the Court—T. W. Wood.
Sheriff—William D. Lyke.
R. E. Commissioner—John Gould.
Court of Magistrates—David Fales, H. N. Ward.
In the other counties most of the present incumbents are candidates for re-election.

The Caucus has also re-nominated James C. Collins for State Auditor.

BASE BALL.—The first nine of the Eagle club recently challenged the U. D. base ball club to play three games for championship of this city, the match to be decided by winning two games out of the three. The challenge was accepted and the first game came off on Saturday last and resulted in the success of the U. D. club. Both clubs played well and for a time the issue was doubtful. We regret that we were not able to give the particulars in due form which we will endeavor to do when the succeeding game is played, making a summary of the whole.

TARGET SHOOTING.—The prizes at the target shooting by Aquidneck Rifles, Monday, were taken as follows:—The first prize, a silver goblet, by private Watson. The second prize, a silver pitcher, by 2d Lieut. James R. Cuthrell. The latter gentlemen subsequently invited the company to his residence, where he entertained them in a hospitable manner.

Our acknowledgements are due Messrs. Shuman & Black for a very fine snuffing piece of the great (Hills) or. Such a piece of art is not to be found everywhere, and the enterprise of the proprietors in securing it speaks well for the market whence it came.

PERSONS.—Among the visitors attendant on the General Assembly, we observe Hon. H. B. Anthony of the U. S. Senate, and Hon. N. F. Dixon and Hon. T. A. Jencks of the House of Representatives.

Among the engagements bulletined by the *Home Journal*, is the following: "Miss Emma Chase, the lady who drove four-in-hand, at Newport, last summer, is engaged to Mr. Edward Page, of Baltimore."

Bishop Quinn will preach at the Mt. Zion A. M. E. Church on Spruce street, on Thursday evening, May 30, at 8 o'clock. All are invited to attend.

In a country where the natural desire of the people is to reach the highest point in art, it is very difficult for anyone to be contented without the most arduous labor. Public opinion is extremely exacting and not always just; but of an object and one criticism has produced the most beneficial results; the greatest improvements have been made under continued discouragement, and in many successful efforts defeat seemed certain to all except those concerned. In no one branch of art has there been more trials and failures, and in no single instrument is there so many different parts to perfect in order to make the whole a success as a Piano-Porte; this is always attended with great expense, requiring large capital and patient perseverance. Grover & Sons, 499 Broadway, N. Y., commenced manufacturing Pianos thirty-six years ago, and is one of the oldest houses in the country. They differ from the rest of the makers in this respect—they aimed to make the best instrument, and to sell it for the smallest profit. Their Pianos to-day cannot be excelled. Their stringing quality is pure, full and easily retained through the most lengthy passages. For power they are unparalleled, and are celebrated for their great brilliancy, exquisite touch, and elegance of style and finish.

The daily calls for the new Arctic Refrigerator at Cunningham's Emporium, indicate that this model Refrigerator is taking the lead.

CARPETS.—The stock of Carpets at Cunningham's Emporium are being closed out at greatly reduced prices.

The BLUE STORE is the place to buy Carpets. Both Chronic and Inflammatory Rheumatism are being daily cured by MEXICO'S GREAT RHEUMATISM REMEDY. Sold by all Druggists.

Latest News

FROM WASHINGTON.
Washington, May 28, 1867.
The Austrian Minister cooled this morning in Secretary Seward that there was any truth in the cable telegram that he had been instructed by the Emperor of Austria to enter into negotiations with Juárez for the safety of Maximilian.

It has transpired that Gen. Thomas' mission here relates to affairs in Tennessee. Both the President and Gen. Grant desired to confer personally with him.

John Hay, formerly private secretary to President Lincoln, has been appointed Charge d' Affaires at Vienna, Austria.

FIGHTS WITH THE INDIANS.
St. Louis, May 28. A dispatch from Omaha says a fight occurred on the 16th, on Pine Bluff, between a party of men cutting railroad ties and the Indians, in which one of the former and six of the latter were killed.

Another fight occurred at Chayenas Pass on the 20th inst., in which one white man was killed.

The grain along the northern route across the plains was insufficient for pasture, and six weeks later than usual.

FROM MONTREAL.
Montreal, O. E. May 28. Jeff Davis remains so secluded that no one has seen him to identify him on the streets. He came from New York alone incognito. Mrs. Davis and party followed the next day.

Information has been received here by the office that the rumors of renewed Fenian troubles on the frontier are entirely unworthy of credit. The efforts to create a sensation are looked upon with indifference.

THE DICKSITE FRIENDS.
New York, May 28.—The annual meeting of the Dicksite Friends, continued to-day in the Rutherford place meeting-house. The sessions were private. Some of the reports state that there is a falling off in young membership, and it is hoped that some measures will be taken to remedy it in the future. Addresses were made on the necessity of greater faithfulness on the part of the older brethren in training the young in the principles of the society.

Coal, Flour & Grain.
HAYING purchased the stock and fixtures of Mr. E. T. Plimou, 1111 Broadway, carry on the Flour & Grain Business, in connection with the

COAL & WOOD
Trade. Thanking the public for their past favors, I hope in the future to give increased satisfaction to all who may favor me with their custom.

DIRECTIONS
FOR
MAKING YOUR OWN SOAP
With Your Waste Grease.

Fenn's Salt Manufacturing Co's
Saponifier!
(Patented 1st and 8th Feb., 1853.)
OR
CONCENTRATED LYE.

3 Cents only for every pound of Soap.
DIRECTIONS.
Dissolve one box of Lye in 2-12 pounds (1st) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of tallow or grease. Take off the fire, and add this little at a time, the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut into small pieces, add 4 lbs. (or 1 pint) of water, and melt with a gentle heat until the soap is dissolved, and poured into a tub to cool. When cold cut into bars, which will be fit to use in about 10 days.

BEWARE OF COUNTERFEITS.
particulars, ask for Fenn's Salt Mfg. Co's Saponifier.

WORM LOZENGES

THE MOST EXTRAORDINARY
Medicine of the Age,
Comprising as they do,
Remarkable Power in Expelling
Worms

With Pleasant Taste and Perfect Safety
They contain no Mercury, no Mineral, no
Turpentine, no Oil of Wormseed,
no Poison, Nothing Injurious.
They are Entirely Vegetable

SYMPTOMS OF WORMS.]

ICHING of the nose, rawness, twitching or itching suddenly during sleep, pain in the stomach, belching of wind, painless vomiting, sometimes voracious, at others loathing, a dullness of the eyes, drowsiness, a sore & dapper lip, tongue whitely furred, and studded with red spots, faint or gabbish ringing of teeth during sleep, a fenestral or tickling in the throat, an insatiable craving for sweet, chalk or clay, fecundities and irritability of temper, cholick, fits and palsy.

Intestinal Worms

Are among the first to undermine the constitution in the list of diseases. They often occasion severe diseases, ending some times fatally, particularly when they ascend to the stomach. Their presence in the most ordinary situation is attended with a

merely administered as a proper remedy, would
said. As Follows: *Worm Licenses* may be taken
without any unpleasant results, and as children
fond of them, their use is recommended, to the
apparently healthy, and those digest the cause
what would produce suffering.

Various remedies have, from time to time, been recommended, such as Camell, Oil of Wormseed, Turpentine, &c., so that dangerous and even is

consequences are produced. The necessity of a sound and sure remedy has caused much research and study by the proprietors of FIZZOUS' Worm Expellers. They are positively safe, pleasant and efficient. They do not kill the worms, but act by making the dwelling place disagreeable to them. It is order however, to guard consumers against deception.

"I have analyzed the Worm Lozenges prepared by Messrs. Fellows & Co., and find that they are free from mercury and other metallic or deleterious matter. These Lozenges are still fully composed of the same safe, reliable and efficacious compound, the analysis of Dr. A. A. Hayza, & Assayer, proving the above statement; [a. 4-ant 1901]

Respectfully,
A. J. HAYES, M. D.
Assayer to the State of Mass.

W. S. FOSHAY, M.
Letter from the Rev. Dr. Clay to the Editor of
Christian Visitor.
CAMERON, St. John, N. B., Nov. 11, 1881.

Mr. Editor:—I was induced to try FELLOWS' PNEUM, having had a number of children and one whose stomachs were so intractable to our medicines that we could not retain a moment; and success that followed their use was so complete I can recommend them as one of the most pleasant and safe medicines that can be administered.

EDWIN CLAY, M.
St. JOHN, N. B., March, 1881.
Messrs. Fellows & Co. :—This is to certify
my little boy aged six years, having been
troubled with worms of late, I administered
your Worm Lozenges, as per directions, and

Months after he passed several large worms.
Lizards are particularly valuable, as the ch
are found of them. You are at liberty to use
the benefit of others. MATTHEW HARRIS

St. John, N. B., Oct. 30, 1
Messrs. Fellows & Co.: It is due to yo
heads of families, and to the rights of t

should give a statement of the effects of your
Lorenzo in my family. My daughter, aged
five years, had been troubled with a fever
nearly two years, first in Dorchester, Mass.,
my doctor attended her for some time; it did
not help her. I procured syrups and othe
was attended with no success.

child grew worse, so that we really thought
would die, we despaired of getting a remedy
last a lady friend called in, and assured us the
child was troubled with worms, and it is the
originated from that cause. I administered

the child passed over a plot of worms, and as large as my little finger. Our babe, only a few months old, ate two Lozenges, and, although weakly healthy, it passed a worm at least eight inches long. I am happy to say that the little girl for two days had eaten scarcely anything, but
